

Team Name: sdmay21-39

Team Members: Adis, Zane, Jet, Rish, and Gavin

Report Period: Oct 12-Oct 18

Summary of Progress in this Period

We finished the Design doc v2. Jet has been working on a backend. A few ansible features created and developed. 2 Architectural diagrams, along with establishing an agreement with ISU for hosting our application.

Pending Issues

NDA still pending.

Plans for Upcoming Reporting Period

Progress on our demo, along with more to come with development on services. With that being said progress is being made on the website.
